This year we're thrilled to unveil a brand new approach to our collection, complete with bold new colours and industry-leading fabric innovation.

For us, 2017/2018 means fresh designs, practical inspiration and considered details which can transform your wardrobe.

Our team of fabric experts, designers and makers all work as one to create the best possible product, so you can be confident you've chosen the right uniform partner.

We've updated popular fabrics to be more functional and comfortable than ever before, taking inspiration from Europe, America and Asia to ensure the latest in styling, fits and colours.

Our new range takes into consideration what the wearer needs – clothing for different body shapes and sizes, as well as job roles and requirements – all with a great attention to the finer details of each piece.

Perhaps the most exciting part is the introduction of our new capsule wardrobe concept, making the uniform selection process simpler and more refined.

We hope you enjoy our new range as much as we enjoyed creating it for you.

How to use this guide.

Ease

DISCOVER YOUR STYLE

Select a colour that complements your company branding, and ensure you match a neutral secondary colour like white or grey to allow for maximum combinations. If you choose a printed fabric, match it with a solid colour so staff can dress within their own style.

NEUTRALS

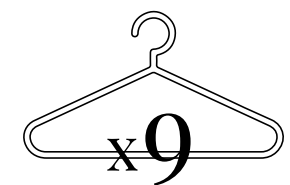

BUILD YOUR CAPSULE

To build the wardrobe, select a range of styles to suit varying body shapes and a range of warm and cool fabrics to reflect weather and staff roles. Don't forget to choose outerwear, knitwear and accessories that effectively complement the overall look.

SIMPLIFY YOUR LIFE

Ensure you've chosen the optimal number of garments for longevity. We recommend full-time staff have three to four pants, skirts or shorts and five shirts or tops. The part-time wardrobe can be reduced to two to three lowers and three tops. The appropriate allocation will mean your uniform is worn with ease, flexibility and increase the longevity of the garment.

ICON GUIDE

To simplify how to identify each garment, the catalogue has an easy-to-use icon guide that displays gender, styles and fitting.

The Capsule Wardrobe.

Consolidate

A capsule collection is composed of timeless and compatible items designed to maximise the number of outfits in your wardrobe.

Our collection eliminates the need to plan outfits in advance and allows for personal taste to shine through whilst maintaining a uniform aesthetic.

This year, we've designed our capsule selections with an eye for the finer details for added sophistication and polish.

As you move through the catalogue, take note of the selection tag at the top of each page to make choosing your capsule more streamlined.

You'll see sections for each component of your uniform, including suiting, shirting, knitwear, outerwear and a health selection.

MARKET RESEARCH AND CUSTOMER NEEDS

We undertake thorough research of successful fashion and uniform trends from around the world. We also listen closely to customer feedback - our design process starts with knowing what wearers of NNT need and continues with striving to focus on providing customers with what they could want.

The Right Fit.

Pants

A well-fitted pant radiates sophistication and shows you mean business. We know one pant certainly does not fit all so we've created silhouettes for every body shape. Remember comfort is key to breezing stylishly throughout the day so nail this basic by choosing the right style for you.

The Right Fit.

Shirts

A fundamental component of any capsule wardrobe, a well-fitted shirt will define your look. Identify your preferred style within the Style Guide (page 192-195) by keeping an eye out for the corresponding letter symbol.

#1. SLIM FIT

Slim tailored fit, suitable for a slimmer figure, tapered through the shoulders, chest and waist.

#3. CLASSIC

Tailored shape, sits lightly on the body, giving shape without being fitted, suitable for most body types.

#2. CLASSIC

Classic tailored fit, suitable for most body types, slight tapering through the body

#4. RELAXED

Longline, loose straight shape, designed to be worn out, not tucked in.

The freshness of clean, crisp white will forever be in style. Our extensive collection offers a cut and fabric to suit every individual taste.

NO.5 ADD A TOUCH OF GREY

**GREYSCALE.**

By adding grey to a wardrobe, whether it's tailored suiting or casual separates, this timeless hue adds elegance and works well with black or jewel tones. Mixing grey or silver shirting instead of traditional white makes for a modern twist.

HIGH CALIBRE TEXTILES

As part of our quality assurance we consistently test fabrics and garments for strength, resistance to pilling, colour fastness and washing requirements.

Black is smart, sophisticated and reliable. Whether in full block or lighter tones with graphic accents, our range of black has the perfect foundations for every wardrobe.

NO.6 TRADITIONAL SHAPES FOR EASE

THE POLO.

Understated, traditional shapes and colours provide an air of professionalism. The long-standing polo top in a classic colour like Navy provides not only comfort but broad appeal. As an alternative to black, when used as a baseline for a work wardrobe, it invariably ties back with most other work wear palettes.

NO.9 WARM TONED SEPERATES

RAISE THE MOOD LEVEL.

Warm colours have long been known to affect how we feel, evoking a sense happiness. Including warm toned separates in a work wardrobe will not only raise mood levels but can have a positive impact on others.

CONSIDERATION OF USE

Traditional work attire can be uninspiring so our designers go to great lengths to provide new silhouettes, updated colours and on trend user fabrications but not at the risk of consideration of the end use. NNT pieces are considered an investment, therefore each design encapsulates consideration of up to date fashion and ease of wear.

Add warmth to your wardrobe with deep orange. This high impact shade works well with navy, blackberry, purple and violet hues.

NO.11 SHIRTING STAPLES

A GO-TO SHIRT.

Shirts have long been a go to staple for any wardrobe, for both men and women. There is no denying a shirt can provide ease of movement and can act as both undergarment or statement piece. For a new take on the shirt, add a new colour or an updated shape.

MARKET TESTING AND SPECIALTY FITTING TRIALS

Samples of new products undergo rigorous testing and evaluation, both in-house and in the workplace. We fit garments on real people, not mannequins, and we conduct multiple wearer trials with customers.

Beautified Blouses.

Introducing the new French Georgette, an upgrade from the traditional Georgette fabric. From team meetings to client presentations, you'll be well dressed with cultivated details and maximum durability.

Featuring a range of new benefits:

- Anti-stain properties to help reduce the appearance of stains and assist in removing them during washing
- Better drape
- Durable, long lasting fabric
- Feran Ice® for coolness, perfect for warmer locations

Stay Fresh.

INSTINCTIVE PROTECTION

Stay fresh with the latest technology from NNT, ensuring you feel cool, calm and protected, no matter what.

ANTI BAC FINISH®

We've expanded our infection and odour control technologies with our antibacterial fabric finish.

Used on fabrics that cannot be woven with silver yarn, we treat the fabric at a fibre level to ensure maximum longevity of protection.

Our antibacterial fabric finish provides protection against Yellow Staphylococcus, Klebsiella and Pneumonia and protects you from harmful microbes.

Our Active Scrubs and Polos range feature antibacterial finishes.

AEROSILVER® & AEROCOOL®

Our inherent antimicrobial fabrics combine the protection of Aerosilver with the sophisticated cooling system of Aerocool.

Aerosilver fabric unlocks the natural power of silver to provide inherent protection against bacteria and, in turn, combats the spread of infection within the medical environment. Engineered to limit the spread of microbes by neutralising them upon contact, Aerosilver is effective against MRSA, Yellow Staphylococcus, Klebsiella, Pneumonia and Escherichia Coli. Aerosilver fabric also reduces body odour on contact with microbes that cause unpleasant smells, so you'll stay fresh even on the longest of shifts.

Whether it's stressful environments or hot climates causing your body heat to rise, we've got you covered with Aerocool. A superior evaporation system, Aerocool draws moisture away from the body to keep you cool and dry. The fabric design allows for air to circulate through the yarn, allowing absorption and evaporation to occur. Aerocool is proven to perform better than natural fibres in terms of moisture control and drying time. It's your ultimate secret weapon.

Our Silvi Spot Print and Pixel Print fabrics contain Aerosilver and Aerocool technology.

DEOTAG®

Don't sweat the small stuff and stay focused on the task at hand with revolutionary DeoTag.

Using ultra-porous science, DeoTag absorbs body odour molecules to ensure you're able to last the day with confidence.

Providing quick, effective and reliable odour control, DeoTag is the only non-allergenic, environmentally friendly, chemical free solution to body odour. Ideal for most garments DeoTag can be washed repeatedly and will last for the lifetime of the garment.

Benefits:

- Instant odour protection
- Safe for the environment
- Chemical-free
- Can be washed
- Works for the lifetime of the garment
- Ideal for almost all garment types

Final Touches

To ensure the ordering process is effortless, our appendix offers handy tips to guarantee you have all the relevant boxes ticked.

THE PERFECT FIT

Our measurements page includes all the details you need to ensure the items you order will be the perfect fit. Easy to navigate charts help safeguard your size choices and streamline the ordering process.

TAILORED TO YOU

Make selecting your corporate range easier by using our style and fit guide. With shirts and pants classified by their style of fit, you can choose a design that best suits your body type and comfort needs.

DIRECTORY

Use our practical directory to locate an NNT store or stockist most convenient to you.

Women's Sizing.

NNT have created a simple to use size chart to help you order the right size. To get an accurate body measurement use a tape measure, keeping the tape taut but not stretched and follow the instructions below.

Ask a friend to help if necessary. For consistency ensure all measurements are taken from the same side of the body.

A. BUST

Measure around fullest part of the bust, keeping the tape level and straight. Keep one finger between tape and body.

B. WAIST

Measure around your waist, keeping the tape level and straight. Keep one finger between tape and body.

C. HIPS

Stand naturally, measure around fullest part of hips (approx. 22cm down from waist), ensure tape is level and straight. Keep one finger between tape and body.

Men's Sizing.

NNT have created a simple to use size chart to help you order the right size. To get an accurate body measurement use a tape measure, keeping the tape taut but not stretched and follow the instructions below.

Ask a friend to help if necessary. For consistency ensure all measurements are taken from the same side of the body.

A. NECK

Remember, make allowance for comfort. Ask a friend to measure around your neck at collar level. This measurement is your shirt size.

B. CHEST

Measure around fullest part of the chest, keeping the tape level and straight. Keep one finger between tape and body.

C. WAIST

Measure around waist, keeping one finger between tape and body. Over your shirt (not trousers) at the position you would normally wear your trousers.
